# JORDI HOME™
special needs stroller

**JORDI HOME™** is a special needs stroller which is perfect both for therapy and recreation, as well as other every day activities such as learning or having meals. The stroller can be used at home, school, in the kindergarten or in a group of peers. **JORDI HOME™** turns out to be an indispensable tool in the rehabilitation process, both in terms of therapy and social integration.

A solid construction and the regulation of the tilt-in-space function are the main advantages of the stroller, which are especially appreciated by the therapists. The seat in the **JORDI HOME™** stroller has an adjustable height, width and depth. The HexagonPro™ adjustable headrest guarantees a correct and extremely comfortable head support. The 4-point safety vest additionally enhances the comfort and protection of the user.

The **JORDI HOME™** stroller is an ideal tool in the rehabilitation process with the standard equipment, however, the wide range of accessories allows the stroller to be fully adjusted to the individual needs of the user. The stroller is equipped with four swivel wheels with a brake, which is why it moves quietly and is exceptionally maneuverable. The user's feet are secured on the adjustable footrest.

Another advantage is a medical upholstery, easy to clean and disinfect. For more demanding customers we prepared a medical upholstery called **EXTREME-MED™**, which has certified non-flammability (**CRIB5**), is antibacterial and antifungal. The upholstery is available in three pretty, vibrant colors.

**JORDI HOME™** is made of user friendly materials. It is available in **4** sizes.

accessories

## Comfort

**JRI/JRH_403 Tray**
It helps to keep the headrest clean. Easy to assemble/disassemble, it can be washed. Tray is available in gray/black color.

**JRI_423 Castors with brakes (4 pcs)**
You can easily transfer Jordi from one place to another. The castors increase the height of the chair by 6-10cm (it depends on the product size)

**JRI/JRH_429 Soft footrest cover**
Comfortable pad, protecting the feet from direct contact with the footplate

**JRI_431 Push handles**
Helps to transfer the Jordi from place to place. Recommended with JRI_423

**JRI/JRH_436 JOY™ Table**
School table that can be used with Jordi or any other school chair. Height adjustable, easy to clean and very durable.
**JOY™ table is available in following options:**

**436/1 – Cut-Out Board**
**436/2 – Plain Board**
**436/3 – Till Cut-Out Board**
**436/4 – Tilt Plain-Board**

**JRI/JRH_443 KIDOO™ Tray**

**JRI/JRH_448 Self-leveling tray**
A Self-leveling tray is a multifunctional and portable tray. A special bag filled with granules makes it possible to stably place it on your knees or on other uneven surfaces.

## Positioning

**JRI_102 Head supporting belt**
Attachable to the headrest by use of Velcro straps. Used for people with limited control of the head to prevent its falling.

**JRI_104 Hexagon Pro™ Headrest**
Individual "ladyfingers" on the Hexagon Pro™ are adjusted to cushion and support any head position. It has been designed to create the most comfort for user by supporting and protecting their head.*

**JRH_107 Pelvic belt**
Wide belt equipped with "HOLD AND PULL" system. I[t] provides better stabilization in the device.

**JRI/JRH_114 H Harness**
It acts as a trunk stabilizer. HOLD&PULL™ system makes it easier to adjust to the patient's body. You can quickly detach the vest if necessary.

*The headrest is available in **blue** for **Med Sea** upholstery. **Black** for **other** upholstery colors.

Colors may differ from the presented images. The manufacturer reserves the right to make changes in products without updating the directory.

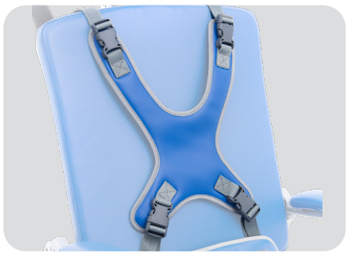
Version: 9/08/2021

# JORDI™ / JORDI HOME™
accessories

**JRI/JRH_125 6 point vest**
Wide range adjustable vest that acts as a trunk stabilizer. HOLD&PULL™ system makes it easier to adjust the vest to the patient body.

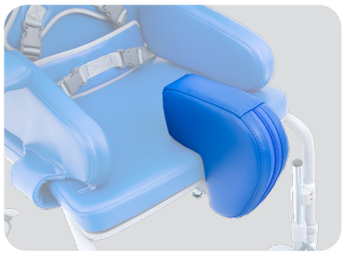
**JRI/JRH_128 Abduction block**
Shaped abduction block provides with correct seating position. Can be easily removed. Colission with: Knee abductor. Restriction: tray height



**JRI_130 4 points safety vest**
It acts as a trunk stabilizer. Wide range of adjustment helps to fit it to the user's needs. Equipped with HOLD&PULL™ system.

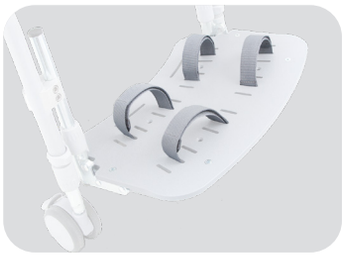
**JRI/JRH_135 Hip guide**
Gives great stabilization in hip area. Can narrow the seat width. Made of MEDICAL UPHOLSTERY MEDICUS™.

**JRI/JRH_147 5 points feet stabilizing belts**
Adjustable straps with Velcro, perfectly stabilize the feet and ankle. Made of durable material.



**JRI/JRH_154 Knee abductor**
Adjustable and easy to remove. Prevent in legs crossing. Made of soft foam, upholstered with easy to wash medical fabric. Collission with: abduction block

**JRI/JRH_155 Chest supports**
Width adjustable supports that provide additional side stabilization of the trunk. You can mount them at different height.



**JRI/JRH_156 2 points feet stabilizing belts**
Adjustable straps with Velcro, perfectly stabilize the feet. Made of durable material.

**JRI/JRH_161 Sandals stabilizing feet and ankles**
They protect and stabilize the ankle joint. They are made of elastic material, recommended for users with increased muscle tone. They can be used with or without shoes.

**JRI/JRH_162 Dynamic ankle supports straps (FP-22)**
Dynamic FlexPoint® ankle stabilizers provide great support when stabilizing the user's feet. Incorrect positioning of the feet, despite appropriate stabilization of the pelvis and chest, makes it impossible to keep the correct sitting position.

## Build-up

**JRI_619 Folded Footrest**
Easy to fold when not needed. Made of durable PU board.

## Safety

**JRI/JRH_002 Patient lift belt**
Robust and ergonomic design as well as high durability facilitates daily care of the patient.

**JRI/JRH_015/016/020 TANGO Wheel with brake**
Noiseless, easy to maintain, does not leave marks, does not corrode.

**JRI/JRH_018/023 TANGO Wheel with fixed direction of movement**
Noiseless, easy to maintain, does not leave marks, does not corrode.
