

**Protective mask**  
**COMFORTA**

# Protective mask COMFORTA

Ultralight mask made of the special fabric **ProFit™** will ensure you safety. Its main feature is a comfort design – the fabric fits perfectly to the shape of your face and the soft earbands make you forget that you wear it, even for hours.

Product features:

- the most comfortable mask available on the market
- ultralight
- anatomically shaped
- provides full respiratory protection
- reusable – it can be washed at 60 degrees Celsius
- available in 2 sizes for adults and 1 dedicated for children
- fashionable design
- safe materials
